GARDNER-M'CLELLAND

Control To-Night will Draw the Largest Court in the History of the Metropoli-tan Club-Gardner is the Local Favor-Odds Wanted.

This evening at the Fulton arena of Metropolitan Club, probably the largest audience this well known athetic organization has ever entertained will gather to witness the twenty-round bout between Eddle Gardner, of Minpeapolis, and Jack McClelland, Pittsturgh's pride, and some interesting preiminary exhibitions of boxing of limit-

d will enter the ring in the pink of ordition. He is at just the weight hich he says is to his liking. Speaking f the coming battle, he said to an In-elligencer man that he felt confident it victory, but only after a long and and founght contest. Although the batof each man with Henneger seem give a line on to-night's contest asts that is distinctly and largely in dardner's favor, he will enter the ring with as much care as confidence. Eddle is such a gentlemanly little fellow and such a square record in all his career that he has made a good pression on the local sports, who will Cardner men almost without excep-

But McClelland will not be without But Sickerman with no Se Warner friends, for it is said from 200, to 300 still come down this evening on a spe-cial train from Pittsburgh, and of course they are a solid McClelland pha-are. Possibly, like all Pittsburgh rowds that come to Whoeling they will at the earth and then some. That is he ailment of the average Pitts-burch sport, and that it is so is due argely to the stuff that is printed in two Pittsburgh papers, notably the Dispatch, who was guilty of the collowing nonsense yesterday:

"It is to be hoped that everything will be airly conducted, and that both part! e will be justly dealt with. It has often been tated that visitors to Wheshing have a nard row to hoe; there may be a cannee in his instance to let the public see that a sistor like Medfelland gets just as fair a This comes with ill grace after the

This comes with ill grace after the Metropolitan club went to considerable expense and no little annoyance, at the instance of the Dispatch man, Pringle, by postponing the battle from the date as first set, to to-night. The paragraph quoted from the Dispatch is the kind of rot that creates unfounded fears on the part of those of its readers who are coming to Wheeling, and ought not to be circulated unless there is foundation for it, which there most certainly is not.

coming to Wheeling, and ought not to be circulated unless there is foundation for it, which there most certainly is not, as the Dispatchmanknows, if he knows my thing. With such mediums of mis-information, there is some excuse for the reputation Pittsburgh has secured as the home of the "yellow streak" in sport. It is hoped that the yellow will be carefully left in the cloak room by to-night's Pittsburgh visitors, It's a color that hurts the eyes in Wheeling. The principal bout of the evening, between McCielland and Gardner, will be called soon after the arrival of the 9 clock motor. The preliminaries include a six-round contest between Joe Quinn, of Pittsburgh, and Kid Wonko, of Little Washington, for a decision; also a bout between Mike Gillhooly, a Eridgeport protege of Kid Bruner, and Pete Golner, a Fifth warder, who is secounted some shucks. To be on hand for the preliminaries the 8 o'clock motor should be taken.

## Free **Medical Advice**

You need a doctor many times when you don't call one. You suffer pain in fifty forms and yet won't call the doctor, because you hope that the pain "will go away after a while." And, too, you know by experience, that that first visit of the doctor is generally followed by many others, with the inevitable consequence of a big bill "for professional services." You don't know what to do for yourself or what to take. But suppose that you could get free, absolutely free, the advice of one of the most

in the United States? You can. The physician is right here. He has an office in the building, he has a staff of correspondents to assist him, and anyone and everyone, who needs medical advice is invited to write to him. If it's baby's health or mother's or the health of any member of the family you may write about it, sure of a careful reading of your letter, sure of a conscientious diagnosis of your case,

Special Dispatch to the Intelligencer. WELCH, W. Va., April 3.-News reached her to-day of the killing of John G. Wesley, a prominent timber dealer, who lives near the mouth of Ash dealer, who lives near the mouth of Ash Camp creek, Buchanan county, Va., by William Barley. It seems that Barley was an employe of Wesley, and the dis-pute arose over an account that Wesley owed Barley. Barley fled to the moun-tains, and has not been captured. Bar-ley has a bad record, and if he is cap-tured there is likely to be a lynching.

There was a mysterious shooting affair in the Fourth ward one night last week and cruel scandal mongers told ugly tales about the matter. It turns out that Emmet Pickett suspected a man of frequenting his stable from which he had missed articles, and he was keeping watch for him. The fellow showed up and Pickett fired five shots at him and at least one uilet was imbedded in the fleshy part of the might prowler's body and was removed by a physician. physician.

#### How to Look Good.

John Davis is home from Caldwell, where he was on business.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look; if your stomach be disordered, you have a diplose to affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alterative and Tonle. Acts directly on the stomach, liver and kidneys. Purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at Logan Drug Co,'s Drug Store.

Many of the North American Indians were magnificent specimens of physical manhood. This was due, largely, to their active out-door life. Nevertheless, they had the wisdom to know that an active life in the open air alone, would not keep a man healthy. They had their medicinemen, who gathered herbs from field and forest and brewed decoctions to assist the natural processes of the various vital organs.

Interest and orecesses of the various vital organs.

Modern civilized men do not as a usual thing recognize the same necessity until it is too late. They ignore medicine until they are within the grasp of some serious or fatal disease. The time for a man to begin taking medicine is when he begins to feel out of sorts. If a man is thoroughly well and healthy he does not feel that way. If he does feel that way, If he does feel that way, If he does feel that way he may be pretty sure that he is half sick. When he is half sick it does not take long before he is "whole-sick." Dr. Pietre's Golden Medical Discovery is the best medicine for a man when he is sick or getting sick. It puts him all right all round. It puts his stomach right to begin with, and that is the most important point. It puts his liver right, and that is the second most important point. It purifies his blood and fills it with the life-giving elements of the food he eats, and that is the third important point. It drives out all disease germs and impurities of every discription. It makes the appetite keen and hearty. It is the greatest blood-maker and flesh-builder. It cures of per cent. of all cases of consumption, weak lungs, spitting of blood, obstimate coughs and kindered ailments. Thousands who were given up to die have testified to their recovery under this marvelous medicine. An honest dealer will not urge a substitute for the sake of a little extra profit. He gives you what you ask for.
